

# CURRICULUM VITAE

## ■ Personal Information

---

Name: **Oleksandr Kuznetsov**  
Address: Rue aux Fleurs 14C, 1380 Lasne  
Phone: +48722359249  
E-mail: [magnityda@gmail.com](mailto:magnityda@gmail.com)  
Date of Birth: 06/01/1977

## ■ Education

---

**09/01/1984 – 06/12/1992** Primary School No. 122, Odessa, Ukraine

**01/09/1993 – 17/07/1999** Ukraine Mechanical and Technological Technical School, Odessa  
Type of institution: Technical School  
Field of study / Specialization: Operation and Maintenance of Food Production Equipment  
Degree obtained: **Mechanic**  
Additional information: Flour production and grain processing

**01/09/99 – 22/07/03** Ukrainian Agricultural University, Odessa  
Type of Institution: University  
Field of Study/Specialization: Agricultural Mechanization  
Degree obtained: **Mechanical Engineer**  
Additional Information: Agricultural Machinery

## ■ Work Experience

---

**09/2006 – Present**

**Position:** Freelance CAD Designer  
**Responsibilities:** Individual project design based on customer specifications, 3D modeling in CAD SolidWorks, designing parts, machinery, mechanisms, and their components, as well as welded and sheet metal structures, dies.  
Modeling static loads in SolidWorks Simulation, creating production drawings. Designing simple electrical systems, automation, and modular electronics.

**09/2005 – 12/2006**

**Company:** LLC "OSK" (Odessa Construction Plant)  
**Position:** **Chief Engineer**  
**Responsibilities:** Organization of the enterprise's engineering department. Ensuring the reliable operation of technological equipment and engineering networks. Designing parts and components for the repair of machinery and technological equipment using CAD software (SolidWorks).

**02/2004 – 08/2005**

**Company:** JV "ExpressImpex" (Metal Structures Manufacturing)

**Position:** Chief Engineer

**Responsibilities:** Small-scale construction, building and facility repairs. Contract management and technical documentation handling. Organization and supervision of repair, adjustment, and installation of technological equipment. Material and technical supply management. Designing parts and components for the repair of machinery and technological equipment using CAD software (SolidWorks).

**07/2004 – 03/2005** (Part-time job)

**Company:** LLC "YugStroyStandart" (Building Materials Plant)

**Position:** Mechanic

**Responsibilities:** Ensuring the uninterrupted operation of the mechanical components of technological construction equipment. Designing parts and components for the repair of machinery and mechanisms used in technological construction equipment using CAD software (AutoCAD).

**06/2003 – 02/2004**

**Company:** OJSC "Tochmash" (Machinery Plant)

**Website:** <https://tochmash.ua/>

**Position:** Mechanical Engineer

**Responsibilities:** Organization of preventive maintenance, repair, adjustment, installation, and dismantling of machine tools, water supply, and heating systems. Restoration and commissioning of equipment. Design of parts and components for the repair of machinery and mechanisms used in technological and construction equipment.

**10/2002 – 06/2003**

**Company:** Tairova Research Institute of Viticulture and Winemaking

**Website:** <http://www.tairov.com.ua/>

**Position:** Chief Engineer

**Responsibilities:** Organization and supervision of repair, adjustment, and installation of technological equipment, energy, water, gas, and heat supply systems, vehicle fleet management, and occupational safety. Collaboration with contractors and state supervisory authorities. Contract management and technical documentation handling. Material and technical supply management. Design of parts and components for the repair of machinery and mechanisms used in technological and construction equipment.

**12/1998 – 01/2002**

**Company:** "Biostymulator" Ltd. (Odessa Chemical and Pharmaceutical Plant)

**Position:** Automation (Process Control and Instrumentation) - 5th Category

**Responsibilities:** Repair, electronics, adjustment, and maintenance of control and measurement devices and technological automation equipment.

## **Language Skills**

---

Russian: Good

Ukrainian: Good

Polish: Good

English: Basic

## **Interests and Hobbies**

---

Science and Technology, Sports (Boxing), Trekking Tourism

## **Driving License Category: B**
